In 2011, Samer Saliba was a young man living in Damascus, Syria. He had a good job, a loving family, and a bright future. But everything changed when the Syrian War broke out.

Samer's memoir, *My Country, Syrian Memoir*, is a harrowing and hopeful account of his journey through the war. He writes about the early days of the uprising, when protesters filled the streets of Damascus demanding change. He writes about the violence that followed, as the government cracked down on dissent. And he writes about the human cost of war, the countless lives that have been lost and the families that have been torn apart.

Samer's story is a reminder of the human cost of war. It is a story of loss, but it is also a story of hope. Samer writes about the resilience of the Syrian

people, their ability to find hope even in the darkest of times. He writes about the power of community, the way that people have come together to help each other survive.

My Country, Syrian Memoir is a must-read for anyone who wants to understand the human cost of war. It is a powerful and moving account of one man's journey through the Syrian conflict.
